

Jeferson Cambisaca

jcambisaca94@gmail.com | (201) 895-3118 | 3616 New York Ave, Union City, NJ 07087

PROFESSIONAL SUMMARY

Mechanical Engineering Professional with 5+ years of experience in product design, FEA, and infrastructure projects. Expert in 3D CAD (Creo, SolidWorks) with a proven track record of reducing revision cycles by 20-30% through standardized documentation.

CORE SKILLS

- | | | |
|--|---------------------|---------------------------|
| ▪ 2D/3D CAD Drafting | ▪ Spanish Fluency | ▪ Site & Floor Plans |
| ▪ Construction and Mechanical Drawings | ▪ Mechanical Design | ▪ Technical Documentation |
| ▪ GD&T | ▪ BOM Management | |

Software: AutoCAD, SolidWorks, PTC Creo, Autodesk Inventor, 3DS Max, MS Office

WORK EXPERIENCE

Schindler Elevator, Morristown, NJ

October 2022 - Current

Applications Designer

- Design detailed mechanical engineering plans and step-by-step modernization procedures for custom elevator systems, ensuring compliance with safety codes and client specifications.
- Perform Finite Element Analysis (FEA) in Creo to validate the structural integrity of custom components under simulated real-world loading, reducing revision time by **20%**.
- Optimize and revise standardized plans, schematics, manuals, and official design documentation to expedite construction approvals and ensure procedural consistency across projects.
- Mentor junior engineers on CAD standards, design review processes, and best practices, improving team output quality and adherence to engineering requirements.

Designers Edge, Union City, NJ

February 2021 – December 2021

Engineering Drafter

- Converted point cloud data from 3D site scans into detailed floor, roof, and elevation plans for diverse commercial, residential, and industrial projects, ensuring dimensional accuracy and compliance with client specifications
- Produced as-built documentation by capturing and editing 360° panoramic and high-resolution DSLR imagery, integrating visuals into CAD/PDF floor plans to record final site conditions.

Paulus Sokolowski & Sartor, Warren, NJ

October 2018 – October 2020

Designer I

- Produced over **100** pages of construction drawings, validated engineering calculations, and prepared permit applications and cost estimates for multiple natural gas line replacement projects valued at **\$1 M**
- Conducted on-site surveys covering 10+ locations, resolving discrepancies between field and documented data to prevent costly redesigns, and eliminating potential interferences with planned infrastructure
- Partnered with the Project Manager to secure a **\$1M+** engineering contract, leveraging precise technical documentation and effective client presentations
- Mentored 4 junior designers on CAD standards and design workflows, improving drawing accuracy by **25%** and reducing revision cycles by **20%**

EDUCATION

New Jersey Institute of Technology | Newark, NJ

Graduated May 2018

- | | |
|--|---------------|
| • B.S. Mechanical Engineering Technology | 3.35/4.00 GPA |
| • Dean's Award for Academic Excellence | |
